# A Garden For Change

## Activity Book

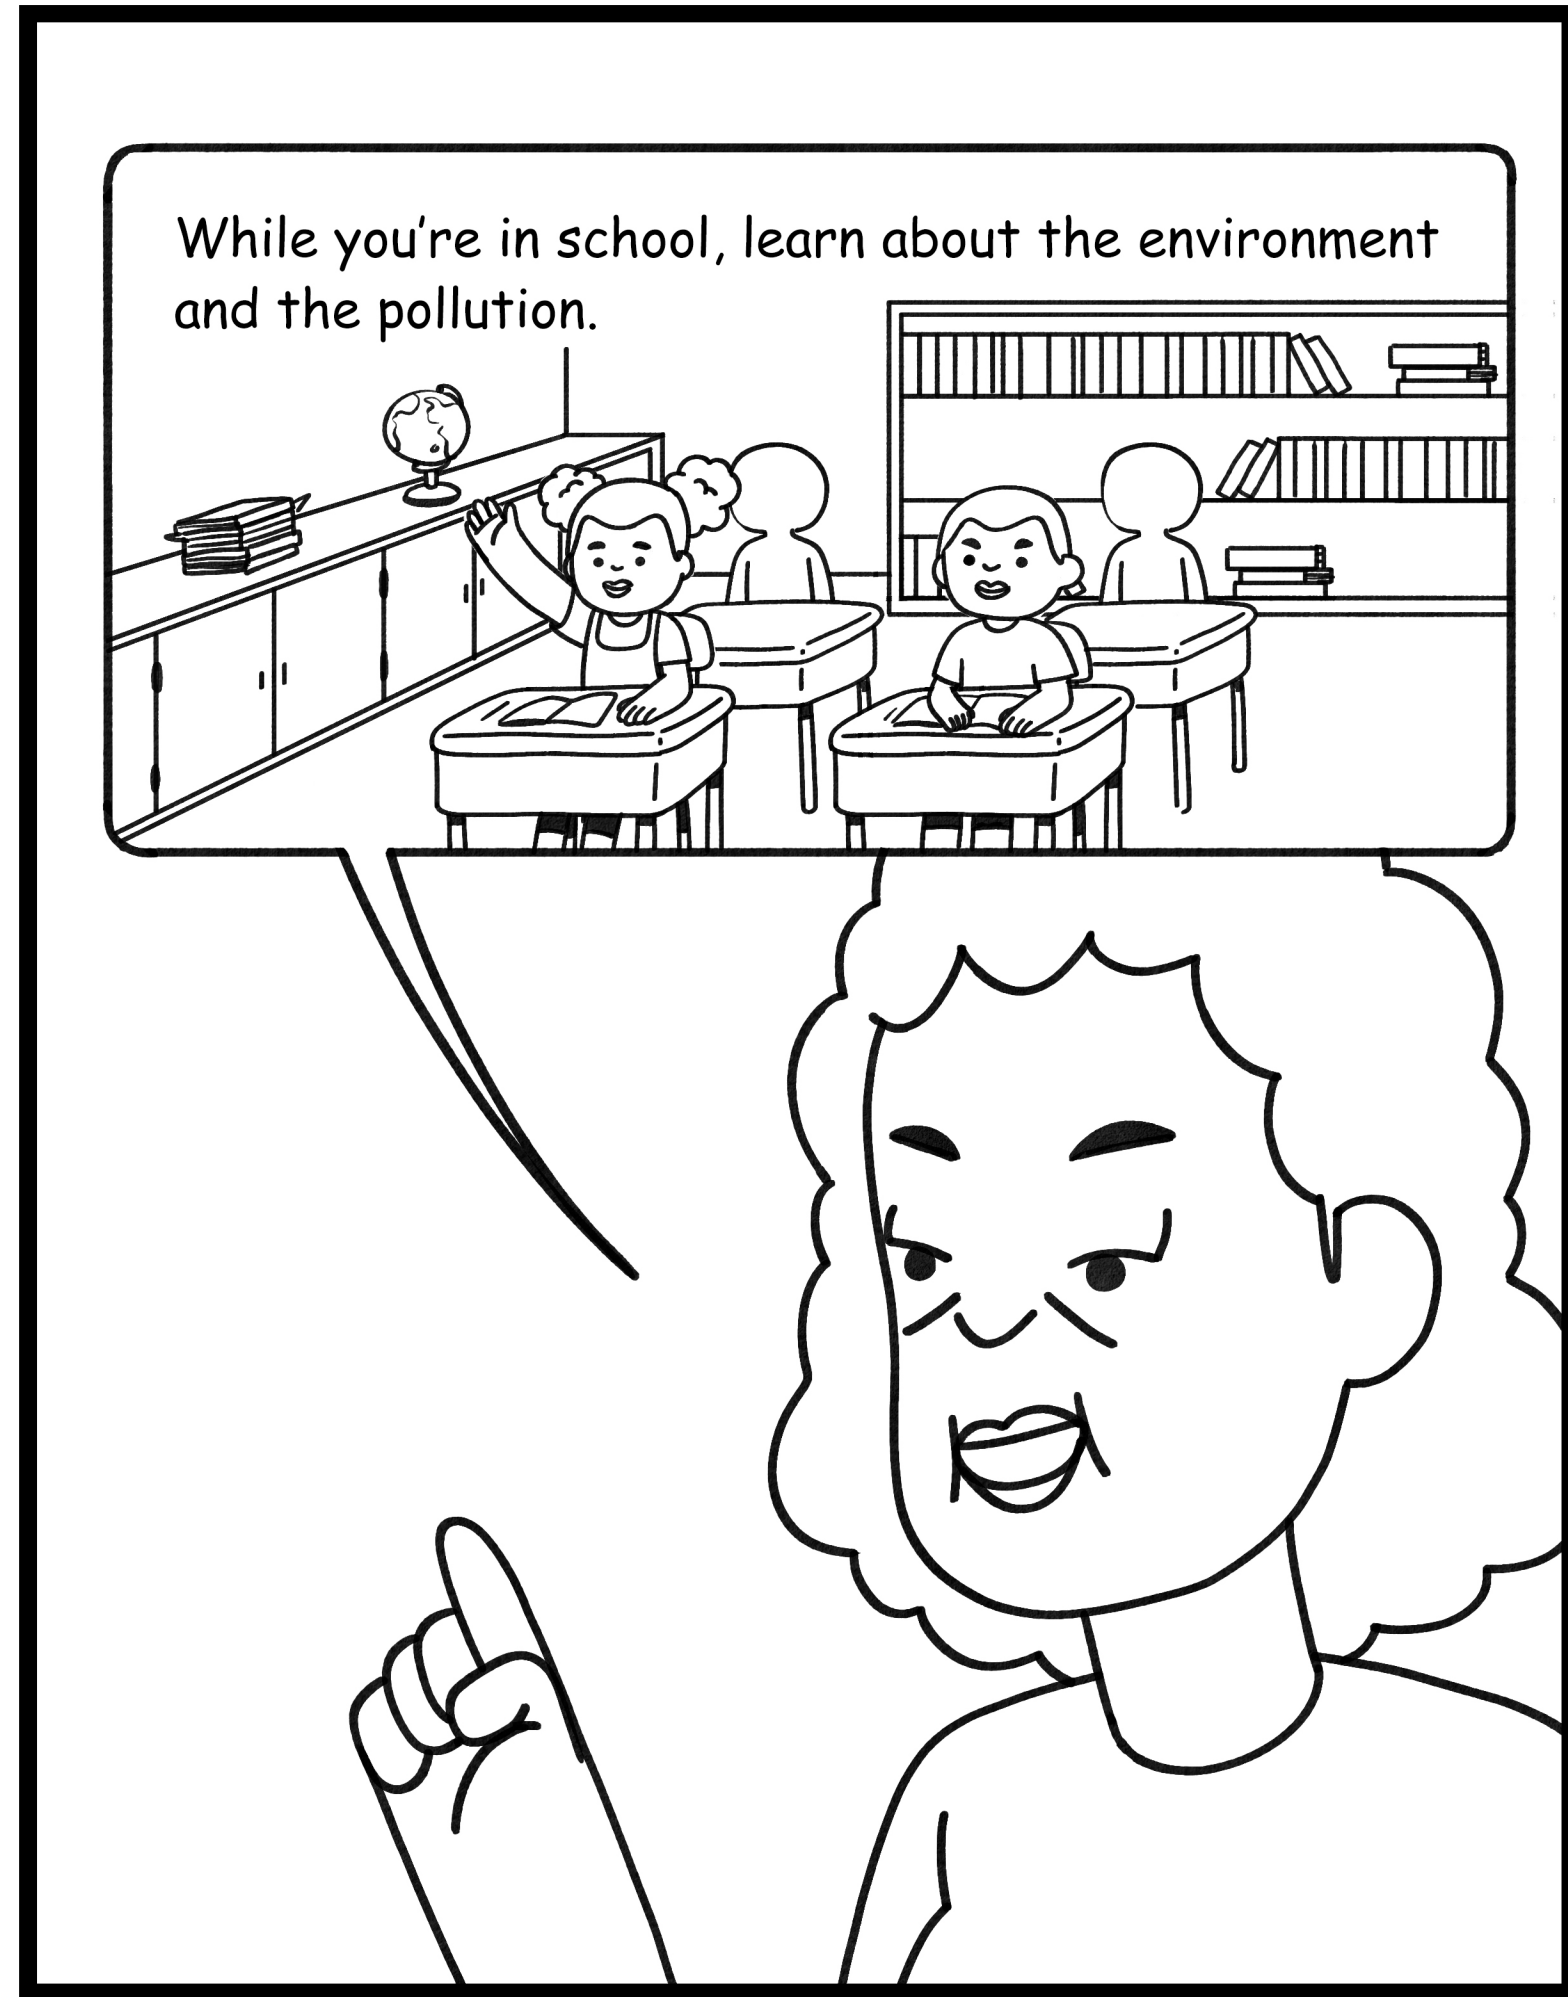

A project of RISE St. James in partnership with The Story of Stuff Project created in honor of Black History Month, February 2024. The art is inspired by the video "Sharon Lavigne's Story of RISE St. James" in The World We Need video series. Watch this video at [bit.ly/sharonstjames](https://bit.ly/sharonstjames)

That's not right, Grandma. What can we do about this?

We have to find a solution.

How can we eat from a garden that is being polluted?

We have to find ways to make a garden. We must cover the plants. We have to make our own greenhouse.

Until we make our own garden,  
do not eat from these trees.

#5

The grass  
is yellow  
because of  
the pollution.

Why is the grass yellow  
instead of green?
